	Other:	Debit Order:

2. Internet Service Plan

Instruction: We offer postpaid and prepaid. You have the option to choose between prepaid and postpaid plans for SME. With prepaid, you can top up your internet using vouchers that are valid for a specific duration. For postpaid, you'll be charged monthly. Simply select the one that is affordable and suits your SME budget.

Choose between Prepaid and Postpaid options, and then pick the package that suits your budget.

SME Prepaid Internet

Package	Price (NAD)	Validity	Select (Pick one with X)
Nena	20.00	12 Hours	
Osho	130.00	7 Days	
Lela	260.00	14 Days	
Ondeya	520.00	30 Days	

SME Postpaid Internet

Package	Speed (Download /Upload)	Price/Monthly (NAD)	Select	6 Months	Select	12 Months	24 Months	Select
Stream	2/1 Mbps	400.00		380.00		361.00	342.95	
Fast Flow	5/2 Mbps	650.00		617.50		586.63	557.29	
Fast Stream	10/5 Mbps	1,220.00		1,159.00		1,101.05	1,046.00	
Extreme Stream	20/10 Mbps	2,400.00		2,280.00		2,166.00	2,057.70	

2.1 Standard Installation Fee

The standard fee for installation is NAD650, excluding VAT, is mandatory for all packages and must be paid before the installation can be completed, for more complex installations, such as double-story or challenging building structures, the installation fee will be determined after a site inspection based on the length of the cable and the mounting pole.

2.2 Additional Service (Optional)

Additional Service	Price (NAD)/per month	Select with X
Cybersecurity Security	10.00	
Managed router	5.00	

Cybersecurity services enable you to set up extra security measures, especially for employees, to prevent access to inappropriate content and block harmful websites on the internet.

Managed router is a smart device that ensures secure, fast, and interference-free internet, expertly maintained for a worry-free, smooth online experience and no neighbors can access your internet, providing an additional layer of security.

2.3 Additional Device (Optional)

Additional Devices	Price (NAD)	Select with X
Router	1,650.00 / router	
Security Camera	3,500 / camera	

An advanced router includes an additional router device including the setup to expand your business network if you need additional coverage.

A security camera is a typical wireless IP-based camera that's set up alongside your internet connection to enhance the security of your business, allowing you to access it online.

3 Attachment and Consent

3.3 Attachment

Our Internet service aims to bridge the digital divide in Namibia, and we believe in making it accessible to all. That's why our application process only requires a certified copy of ID of the owner of the business and business registration documents which are optional.
